

engine drive powerblast single fan iT4

standard equipment

All stainless steel construction: tank, mechanical agitation, blower housing, axial flow fan blades, air scoops, access doors, hood, cowl.

4045T Deere Powertech® iT4 engine with electric throttle control and safety shutdown system- oil pressure, water temp.

Full instrumentation in the cab- ammeter, tachometer, oil pressure, water temperature, hourmeter, air filter service indicator.

Electric cab controls: fan clutch, pump clutch, LH/RH spray controls, return to basket dump valve, pressure regulating valve, engine throttle, emergency engine shutdown.

Choose a fan to match your application: 33" diameter, 38" diameter, 38" diameter with high power blade pitch

Rears RPA centrifugal pump: 200psi, 50gpm

Double rollover nozzle bodies with diaphragm check valves. All ceramic spray tips.

Adjustable height axle with heavy duty 8x8 hub assemblies: ground clearance range listed with tire selection.

Adjustable length clevis hitch with swivel mount.

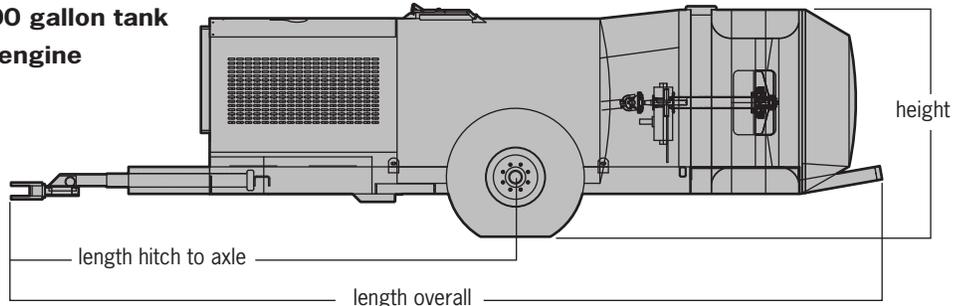

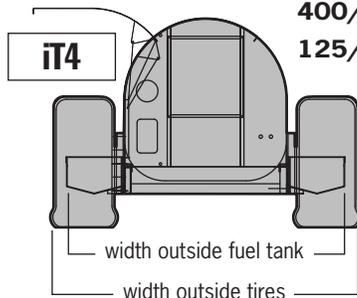

LED work lights with stainless steel brush guards.

Sidewind screw jack.
