

25 gallon Nursery Cart with
4hp Honda engine & AR 202 pump

Electric 1hp motor & AR 19 pump

Rears has designed a *Pak-Tank* utility sprayer with wheelbarrow maneuverability. With many of the features of the *Pak-Tank*, the **Nifty Nursery Cart** is an ag-industrial grade sprayer that easily wheels through tight spots.

The frame, tank, tank fittings, mechanical agitation and internal suction assembly are made with non-porous, heavy gauge *stainless steel*: from wettable powders to oil sprays, the tank and plumbing rinse clean to handily move from one job to the next.

The stainless steel frame rides on indomitable mountain bike wheels: with an over-all width of 26", this sprayer goes anywhere you do.

Braglia trigger, standard

- TANK** — 25 gallon 304 stainless steel construction
mechanical paddle agitation, fill and mix lid strainer
- PLUMBING** — easy clean suction strainer with cutoff valve
